

**Indianapolis, IN 46241**

June 1, 2010

As a member of the Board, I have a unique opportunity to direct and support the ministry and staff of Restoring Lives West. I have seen the organization flourish over the last three years from the ideas of a few working on a steering committee to the full fledged non-profit that it has become. I've helped develop processes and procedures, write grants, send out mailers, plan fundraising events and attend events to promote the organization. My church even hosted a food drive to collect street ready items. On occasion, I have been privileged to encounter the youth we serve and see their responses to receiving food and other basic necessities. The response to these tangible offerings pale in comparison to the intangible results Hope shares with us at our monthly meetings. It's the job offers, graduations, marriages, births, abstinence from drugs and alcohol and the complete turnarounds that keep us coming back for more.

No matter what your role is from board member to volunteer to donor, you are part of an amazing organization that is transforming the lives of youth on the west side of Indianapolis. As I look back over the last three years, we could not have come this far without you, your prayers and the faith that God has a plan for Restoring Lives West.

Times continue to be tough for all of us. However, your gift whether big or small can make a difference. You can donate online at [www.restoringliveswest.org](http://www.restoringliveswest.org), or by check made payable to 'Restoring Lives West':

Restoring Lives West, Inc.  
c/o LBC Community Center  
709 S. Lynhurst Dr.  
Indianapolis, IN 46241

In Christ's Service,

Jill Mullens  
Board of Directors, Restoring Lives West
